For the last 20 years, she and her teammates have been competing at the front of the pack in the most unique and compelling classrooms on earth--The jungles of Borneo, the Himalayan peaks of Tibet, the rivers of Fiji, the rainforests of Ecuador and the desert of Namibia, studying the good, the bad, and the not-so-pretty in Extreme Teamwork. It is through these harrowing, life affirming and often hilarious experiences in the world's most grueling challenges that she has emerged with her truly unique perspective on what it takes to build the kind of world class teams that succeed against all odds, that triumph in the face of adversity and that win as one in times of great challenge and change.
